All Nippon Airways 777-300 First Flight

The first Boeing 777-300 for All Nippon Airways (ANA) takes off from Boeing's Everett runway for its first flight test. The Boeing 777-300 will join ANA's fleet as the first of 12 777-300s that are currently on order. The 777-300 carries 20 percent more passengers than the 777-200, for a total of 350 to 550.
