

Air Europe S.p.A.'s First Boeing 777-200 Readies for Flight

Air Europe S.p.A.'s First Boeing 777-200 Readies for Flight

The first of two 777-200s for Air Europe S.p.A. readies for take-off from Paine Field, in Everett, Wash. With this delivery, Air Europe becomes the first Italian airline to operate a Boeing 777 airplane. The airplane will be used initially on routes to Cuba, Mexico, the Dominican Republic, Mauritius and Male.

Air Europe's second 777-200 will be delivered later this year.
