Next-Generation 737-800 Twin Delivery To Cyprus Turkish Airlines

The first of two Boeing Next-Generation 737-800s delivered to Cyprus Turkish Airlines from Sunrock Aircraft Corporation Ltd. and The Boeing Company recently took off for Turkish Republic of Northern Cyprus. The airplanes will be operated on routes connecting Northern Cyprus to Turkey, Israel, United Kingdom, Germany and other major destinations in Europe. The Boeing 737 is the best-selling commercial jetliner of all time, with over 4,500 ordered. Since the launch of the Next-Generation 737 in 1993, customers worldwide have ordered over 1,400 of the advanced twinjets.
