

Boeing Longer-Range 777-300 Jetliners Satisfy Higher Capacity Requirements For Air France

Boeing Longer-Range 777-300 Jetliners Satisfy Higher Capacity Requirements For Air France

Air France has ordered 10 Boeing longer-range 777-300s to satisfy its increasing capacity requirements for long-haul routes. The new longer-range 777-300s will offer Air France all the advantages of the 777-200ERs it is currently operating -- including comfort, speed and reliability.
