

## **Air 2000's Boeing 757-200**

---

### **Air 2000's Boeing 757-200**

Air 2000 flies the Boeing 757-200 on short- and medium-length routes, primarily in Europe. The single-aisle 757-200, which can fly up to 7,300 kilometers without refueling, can take off and land at almost any airport in the world.
