Pilots Achieve Longest Distance Flight in a Boeing Business Jet

Boeing Business Jets Chief Pilot Mike Hewett, center, along with customer pilots Jeff Tolbert (left) and Doug Beckham, right, stand in front of the Boeing Business Jet they flew non-stop from Seattle's Boeing Field to Jeddah, Saudi Arabia, on April 7. The 6,854 nautical mile flight, which took 14 hours 12 minutes, represents the farthest distance flown in a BBJ.
