### **Pilots Achieve Longest Distance Flight in a Boeing Business Jet**

Boeing Business Jets Chief Pilot Mike Hewett, center, along with customer pilots Jeff Tolbert (left) and Doug Beckham, right, stand in front of the Boeing Business Jet they flew non-stop from Seattle's Boeing Field to Jeddah, Saudi Arabia, on April 7. The 6,854 nautical mile flight, which took 14 hours 12 minutes, represents the farthest distance flown in a BBJ.
