

Boeing and Japan Airlines Complete 787, 737 Orders

Boeing and Japan Airlines Complete 787, 737 Orders

Boeing and Japan Airlines (JAL) have completed the final agreements for the airline's purchase of 30 Boeing 787 Dreamliners and 30 Next-Generation 737s, previously selected and announced by JAL. Japan Airlines plans the 787 Dreamliner as its next generation, mid-sized, twin-aisle airplane. The 737s will replace and expand JAL's single-aisle fleet.
