

Boeing Delivers First 747-400F to Air China Cargo

Boeing Delivers First 747-400F to Air China Cargo

The Boeing Company [NYSE: BA] today delivered Air China Cargo's first Boeing 747-400 Freighter, the first of two new 747-400Fs for the Beijing-based carrier.

The new airplane will be used on Air China Cargo's routes between China and North America and Europe. Air China Cargo's new Boeing 747-400 freighter is powered by Pratt & Whitney 4056 engines.
