

RAM Adds Boeing 737-700 to Fleet

RAM Adds Boeing 737-700 to Fleet

Royal Air Maroc this past weekend took delivery of a new 737-700 airplane, shown here departing Boeing Field for its home base at Mohammed V International airport located just outside Casablanca.

Boeing worked with the aid organization Sister Cities International to arrange the transport of 80 donated wheelchairs on the delivery flight that will then be distributed throughout Morocco.
