

Boeing, Top Vietnamese and U.S. Universities Meet to Expand Cooperation

Boeing, Top Vietnamese and U.S. Universities Meet to Expand Cooperation

Dr. Suprateek Sarker, professor of information systems, Washington State University, discusses the capabilities of the Pullman, Wash., school during the Vietnam-U.S. University Networking Conference held last week at Seattle's Museum of Flight. Boeing hosted the conference, at which leading Vietnamese and U.S. universities met to develop plans designed to promote expansion of Vietnam's engineering and information technology capabilities.
