Boeing and Singapore Aircraft Leasing in 10-Airplane Deal for 737s

Singapore Aircraft Leasing Enterprise has placed its second Boeing Next-Generation 737 order in as many years with an order for 10 737s, with 10 options and 10 purchase rights. The Asia-based lessor has been successful in placing the 20 737s that it ordered in May 2005. The Next-Generation 737 family has orders for more than 3,100 airplanes, with a backlog of more than 1,200 airplanes.
