## Boeing Business Jets Delivers its 100th Green Airplane

Boeing [NYSE: BA] Business Jets today delivered its 100th "green" -- unfurnished -- airplane. The airplane departed from the Boeing Delivery Center in Seattle on its way to be painted. A customized interior will be installed by PATS Aircraft completion center in Delaware, a wholly owned subsidiary of DeCrane Aircraft. PATS Aircraft will install an interior that includes a stateroom, meeting room, communications center and seating for 48 passengers.
