Boeing, Qatar Airways Announce 777 Freighter

Boeing and Qatar Airways have announced an order for two 777 Freighters. Launched in May of 2005, Boeing's 777 Freighter Program has tallied 51 orders for the world's most capable twin-engine freighter. Qatar Airways now has 22 Boeing 777s on order, including 14 777-300ERs and 6 777-200LRs.

The airline will begin to receive the 22 Boeing 777s it has ordered in November 2007 with deliveries extending out to mid-2010.
