

Boeing Completes 50 Percent of Design for New 777 Freighter

Boeing Completes 50 Percent of Design for New 777 Freighter

The new Boeing 777 Freighter will be the world's most capable twin-engine freighter with a range of 4,885 nautical miles (9,045 kilometers). The 777 Freighter will provide more capacity than any other twin-engine freighter and the lowest trip cost of any large freighter.
