Chile's LAN Airlines to Acquire 32 787s and Four 777 Freighters

The Boeing Company [NYSE: BA] announced today that Chile's LAN Airlines will receive 32 787 Dreamliners, marking the largest 787 acquisition to date for Latin America. The Santiago-based carrier has ordered 26 airplanes from Boeing, and will lease an additional six 787-9s from International Lease Finance Corp. In addition to the Dreamliner order, Boeing said LAN also has committed to acquiring four 777 Freighters -- two from Boeing and two to be leased from GE Commercial Aviation Services (GECAS).
