

Boeing Plans to Debut 787 Dreamliner and New Unmanned Systems at Farnborough

CHICAGO, July 9 [PRNewswire-FirstCall](#) -- The Boeing 787 Dreamliner will make its international debut this month when the doors open on the Farnborough International Airshow outside London. Boeing also will feature an extensive display of new, advanced unmanned systems and technologies.

"We've chosen Farnborough as a venue for spotlighting the breakthrough capabilities and innovations of both our commercial airplanes and our defense, space and security businesses," said Tom Downey, senior vice president, Boeing Communications. "We look forward to an optimistic mood this year as industry leaders meet amid signs of economic recovery."

The 787 flight-test airplane, ZA003, will touch down at Farnborough the morning of Sunday, July 18 and will remain on static display through mid-day July 20. The airplane will be open for tours on a scheduled basis July 19 and 20. Boeing is using ZA003 to test and certify seats, galleys and associated cabin safety and comfort systems, among other test points.

Boeing's exhibit at the show will focus on unmanned systems, including the international debut of the recently unveiled Phantom Ray demonstrator, the A160 Hummingbird and the Unmanned Little Bird. The Boeing Unmanned Systems Display will showcase more than a dozen products, including the new Integrator and the ScanEagle Compressed Carriage.

During the show's daily flying demonstration, Boeing will demonstrate the capabilities of its advanced, combat-proven, multi-role F/A-18E/F Super Hornet fighter. The company and its customers will display several other systems, including the air show debut of the 737-based Peace Eagle airborne early warning and control platform for the Turkish Air Force. Visitors also will see the C-17 Globemaster III military transport; the F-15E Eagle fighter jet; and the AH-64D Apache Longbow attack helicopter. In addition, Qatar Airways will display its newest Boeing 777-300ER July 19-22.

Boeing will hold a series of media briefings during the show, as listed below. Media at the show should check the briefing schedule daily at the Media Centre and the Boeing media chalet, situated in chalet row B 1-6, for updates.

The company will keep the news media and the public updated about activities at the show at www.boeing.com/farnborough2010 starting July 15 and through Twitter feeds: @BoeingAirplanes, @BoeingDefense and @BoeingCorporate.

Note: All times listed below are local to Farnborough
