Boeing Statement on Export-Import Bank Extension

CHICAGO, Sept. 17, 2014 /[PRNewswire](#)/ -- Boeing issued the following statement today following House passage of a continuing resolution that temporarily reauthorizes the Export-Import (Ex-Im) Bank:

"Congress has left thousands of small, medium and large U.S. exporters and their workers in limbo until the middle of next year and this will likely negatively impact U.S. sales to foreign customers. We will continue to press Congress for a multi-year reauthorization of Ex-Im."
