# GainJet Optimizes Fleet Operations with Suite of Boeing Digital Solutions

## GainJet signs agreement for Boeing's Jeppesen Operator, JetPlanner Pro, FliteDeck Pro X and Aviator digital solutions

**VIENNA, September 16, 2019 —** Boeing (NYSE: BA) will provide GainJet, a global private jet charter operator and management company, a suite of Jeppesen flight operation digital solutions including Operator, JetPlanner Pro, FliteDeck Pro X and Aviator to optimize its fleet operation.

"We have a longstanding relationship with Boeing, and share a commitment to quality," said Capt. Ramsey Shaban, CEO of GainJet. "With our growing fleet of over 20 VIP aircraft, including four Boeing Business Jets, and an extensive operation that serves VIP passengers from all over the world, their Jeppesen digital solutions strengthen our service offerings and enable us to be even more responsive to the needs of our customers."

These Jeppesen digital solutions provide GainJet with tools that integrate key business aviation functionalities in a one-stop shop, self-service environment.

"This agreement highlights the strength of our comprehensive suite of integrated offerings," said William Ampofo, vice president, Business & General Aviation, Boeing Global Services. "Bringing together these tools into a single consolidated ecosystem creates measurable efficiency for our customers that is world-class."
