

Boeing Celebrates Jin Air's First Direct-Delivered Next-Generation 737-800

SEATTLE, July 27, 2015 – Boeing [NYSE:BA] and Jin Air today celebrated the airline's first direct-delivered Next-Generation 737-800 in Seattle.

Jin Air is the low-cost affiliated company of Korean Air. Today's delivery marks the 13th Boeing 737-800 to join Jin Air's all-Boeing fleet. The airline currently serves 16 routes in Asia and operates a total of 15 airplanes, including two 777-200ERs.
