

Boeing Statement on Blue Origin's National Team Lunar Lander Win

ARLINGTON, Va., May 19, 2023 — NASA [announced today](#) that Blue Origin's National Team won a contract award to provide services to land astronauts on the Moon for NASA's Artemis program.

"Boeing is honored to continue supporting NASA's deep space mission objectives as a part of Blue Origin's National Team for the NextSTEP2-BAA Appendix P contract. We believe our decades of experience maintaining a human spaceflight program, alongside our partners' expertise, will ensure a vehicle that can provide transport to the Moon safely, quickly and sustainably."

For more information, see the National Team's news release [here](#).

As a leading global aerospace company, Boeing develops, manufactures and services commercial airplanes, defense products and space systems for customers in more than 150 countries. As a top U.S. exporter, the company leverages the talents of a global supplier base to advance economic opportunity, sustainability and community impact. Boeing's diverse team is committed to innovating for the future, leading with sustainability, and cultivating a culture based on the company's core values of safety, quality and integrity.
